## EDUCATION

---

### UCF Coding Boot Camp - Orlando, FL

*Certificate of Completion (July 2022)*

### Oakbridge Academy of Arts – Lower Burrell, PA

*Associates in Applied Technology- Photography (May 2008)*

## PROJECTS

---

### Note Taker

- Developed and deployed a server-side application using **Express.js**, **Node.js** and **JavaScript** to handle and respond to HTTP requests from users.
- Utilized **HTML**, **CSS** and **Bootstrap** to create the front-end of the application
- Created server-side APIs and established API routes using **Express.js**
- Stored customer data in a **JSON** file
- Tested and validated API routes with **Insomnia**
- Deployed site using the **Heroku Platform**

### Budget Tracker

- Constructed a Progressive Web Application using **HTML**, **CSS**, **Express.js**, **Node.js** and **JavaScript**.
- Stored customer data in a **MongoDB** database
- Optimized **CSS**, **JavaScript** and media assets for performance.
- Implemented service workers to cache assets for offline functionality.
- Utilized **Google Lighthouse** to perform audits on the application's performance
- Provided information about the application in a **JSON** file using **Web Application Manifest**.

### Social Media Application

- Produced a **RESTful Node.js** backend server using **Express.js** to edit and retrieve customer data through HTTP requests
- Captured and stored unstructured data using **MongoDB**, the **Mongoose ODM** and **JavaScript**
- Executed CRUD methods with **MongoDB** and tested routes using **Insomnia**
- Configured **Heroku** for deployment using **MongoDB Atlas**
- Implemented client-side NoSQL using **IndexedDB** as an alternative to cookies

## EXPERIENCE

---

2019-2022

**Bar 17 Bistro at Loews Aventura Hotel, Orlando, FL (Culinary Supervisor)**

- Led daily kitchen operations open to close, along with weekly catered events, with full confidence of the executive chef.
- Routinely and accurately expedited customer orders in a fast-paced kitchen environment ensuring a high level of customer satisfaction.
- Regularly prepared and processed ingredients necessary for an efficient dinner service before peak dining hours.
- As a licensed food protection manager, maintained and logged food temperatures in accordance with the Florida Department of Health guidelines, ensuring customer safety.

2018-2019

**Cinepolis, Winter Garden, FL (Culinary Supervisor/Inventory Specialist)**

- Solely responsible for the accurate monitoring and ordering of critical food, beverage, and housekeeping supplies.
- Utilized proprietary software to record inventory reports for corporate leadership.
- Supervised and mentored a team of 8 cooks and stewards, passing 12 corporate audits.
- Performed competently in all kitchen positions, filling any role needed to ensure continued business operations.
- Planned, ordered, and prepared meals for 25 catered events with attendee numbers ranging from 10-100.

2013-2017

**LA Kelly Photography, Natrona Heights, PA (Owner/Photographer)**

- Photographed approximately 40 weddings, 15 pet portraits, 15 senior portraits, 11 family portraits, 15 baby portraits, several maternity portraits, headshots, products, bands, and various events.
- Consulted with a broad demographic of clients to understand each client's particular vision and develop a personalized plan to achieve it.
- Delivered high-quality digital images, prints, and physical albums tailored to meet the clients' artistic taste in an agreed-upon time frame.
- Utilized photography skills and knowledge of equipment to facilitate rapid transitions between indoor and outdoor settings capturing events with the correct exposure.
- Gained extensive experience in post-production image editing utilizing Adobe Photoshop and Lightroom to deliver 50-500 refined images to the customer.
- Designed and launched a company website using Intuit and SmugMug software to provide an intuitive user experience and allow clients to easily order prints, access personal portfolio, and book services.
